### Setting the mark for endurance

With an industry-leading 15 hours of battery life, the ICONIA TAB A510 is the tablet to beat. It has an energy-savvy processor and the battery is 50% larger than its closest competitor, yet doesn't add physical bulk to the tablet because parallel battery packaging keeps it nice and slim. So, what you get is true all-day power in a lean design.

### Huge quad-core heart

A powerful NVIDIA® TEGRA® 3 quad-core processor manhandles HD videos, console-like gaming, 2X faster web browsing, and hardware-accelerated Flash. Meanwhile, a 5th battery-saver core efficiently deals with low-power tasks like music playback and active standby.

HDMI™

### Passionate and productive

Polaris® Office is optimized for tablets, improving editing and reading across different formats; Evernote captures data of all kinds and stores it on the cloud for easy accessibility; HDMI® to VGA output support can quickly connect you to a projector; Acer Print provides easy wireless printing with various format and printer support.

### Listen to each other

The Acer ICONIA TAB A510 has HD Voice with noise suppression for precise recording and super-clear video calls. Superior audio for music, movies and more comes courtesy of Dolby® Mobile 3+ with premium 5.1 HD output.

## A510 (32GB, Wi-Fi)

AUD 549

## ICONIA TAB W Series

The Acer ICONIA Tab W Series comes in a hybrid design that combines the portability of a multi-touch tablet and the full productivity of a standard notebook. Enjoy hands-on multimedia using the touch capabilities, or attach the dockable keyboard<sup>1</sup> to quickly transform the tablet into a mini-workstation.

### Hybrid design: touch and productivity

The ICONIA Tab W Series weighs less than 1 kg and is smaller than a magazine. Multi-touch controls make using the tablet fun, while the full-size dockable chiclet keyboard is great for typing. Two 1.3 MP webcams deliver quality chats, and you'll enjoy you up to 4 hours<sup>2</sup> of unplugged HD video playback and 6 hours<sup>2</sup> of Internet cruising thanks to the embedded Acer PowerSmart long-life battery pack.

### Total touch control

Using the ICONIA Tab W Series puts you at the forefront of modern mobility where controls are just a touch away. Launch the Acer Ring to use the touch applications and built-in utilities for out-of-this world experiences. You'll find the user interface a delight; while the handy Device Control Console lets you modify device settings and access peripheral ports and devices from graphical menus.

### Cloud consumption everywhere

Enhance how you surf the web by using onscreen gestures to zoom, flip and scroll on TouchBrowser, and collect web clippings on My Journal. Acer clear.fi lets you organize, share and enjoy your favorite media across different devices within your home network. You'll appreciate full web browsing with Adobe® Flash® Player, and relax to the max with preloaded Internet games.

## Amazing HD Internet and connectivity

HD videos come alive on the 10.1" WXGA screen, which supports image auto rotation. An HDMI® port connects to projectors and HDTVs for big-screen enjoyment of HD media. A dual-core AMD processor with integrated graphics delivers smooth multitasking and Internet video, while Dolby® Advanced Audio® v2 audio enhancement makes nice sound. A Bluetooth® 3.0 port transfers data ultra fast, and wireless connectivity, plus optional 3G, keep you in touch always.
