Revolutionary display technology integrates the 13.3" frame, cutting the bezel thickness by a third, while the super-lightweight embedded lithium-polymer battery is custom-shaped to fit the ultra-thin chassis. The aluminum/Mg-Al case adds to the sleek look and feel, while protecting the LCD and making the Aspire S Series extra strong and durable.

Ultra-smart performance

The solid state drive (SSD) gives you quick access to your files, while an optional HDD⁶ offers huge storage space. The embedded lithium-polymer battery can last up to 72, 7 hours on a single charge, so you get great mobile freedom. Plus, professionally tuned speakers with Dolby® Home Theater® v4 trumpet cinema-quality audio, and HDMI® connectivity is your ticket to high-definition large-screen entertainment. Behind the scenes is a 2nd generation Intel® Core™ processor that enables speedier multitasking while consuming less power. What's more, the new airflow design keeps the notebook constantly cool for your comfort even when you use it for hours at a time.

The Acer Crystal Eye 1.3 MP HD webcam plus Acer Video Conference Manager instant messaging software make sure that you can see and be seen, hear and be heard, as clear as a bell.
