

Netbooks

Aspire One D255

Get fantastic mobile connectivity in just the shade that suits you with the 10.1" Aspire One D255. Available in five striking colors, the design is stylish and ultra-thin. Stay mobile with 8 hours of battery power and get online anywhere you get a cell phone signal via optional 3G. Smart usability and easy "carry-ability" make this netbook ideal for everyday computing on the go.

Get the color that suits you best

You can choose from five colors to fit your style and personality: Aquamarine, Diamond Black, Sandstone Brown, Ruby Red and Seashell White. Get the one that matches your wardrobe best! The Aspire One D255 is a fashionable accessory decorated in attractive shades. Accentuating the elegant appearance are chrome-plated logos and a transparent power button that portrays a floating effect.

Full-day on-the-go power

Go all day on one charge! The Aspire One D255 lets you work, play, and stay in touch longer thanks to its 8-hour battery, plus an Intel® Atom™ processor and LED-backlit display, which consume less power. Charge up once wherever you go using the petite Acer MiniGo AC adapter, which is 34% lighter than typical adapters! Additionally, jet-setters will appreciate the interchangeable AC converters, which are always great for international travel.

Small form, big functionality

The Aspire One D255 is less than 1" thin and about 1 kg, so it's easy to carry wherever work or play takes you. Ultraportable yet fitted with regular-size notebook ergonomics, this netbook features a 93% standard-size keyboard with bigger keys for comfortable typing, and a wide multi-gesture touchpad for mouseless, fingertip navigation and control.

Universal connectivity

Multiple connectivity options keep you in touch with family, friends and colleagues. Enable high-speed sharing of media files or documents using Bluetooth® 3.0+HS, and connect to the Internet via Wi-Fi CERTIFIED™ technology, Fast Ethernet, or optional 3G. And the integrated Acer Crystal Eye webcam and microphone gear you up to engage in face-to-face chats with anyone in any part of the world.

Aspire One Happy

Sweet, scented, sharp or fresh, no matter how you like your world, the Aspire One Happy lets you paint it the way you want it.

My color of Joy

Just think of the Ocean or a lavender field. It will immediately make you feel better. This is the power of colour. The Aspire One Happy comes in four delicious colours that fill your life with excitement and joy: Candy Pink, Lavender Purple, Lime Green and Hawaii Blue. Colours that make you think of summer all year round. Colours that make your life shiny. Choose your colour of joy.

Stay Connected

Keep in touch with your social networks, finish your school projects while you're on the bus, check your e-mails or surf the net. With 8 hours of battery power life, integrated Wi-fi connection, you can get online in just few clicks and stay connected all day long. You can also share photos and music in a matter of seconds via Bluetooth®. Need more? Then can chat face-to-face with your friends with the Acer Crystal Eye webcam and built-in microphone.

Fun to Go

Slip the Aspire One Happy in your backpack or handbag and you'll barely notice it's there. It's only 24 mm thick and a featherweight at just about 1kg, yet it features a superb 28 cm (10.1") WSVGA high brightness display with a 16:9 aspect ratio, a comfy keyboard for easy typing and a wide multi-gesture touchpad. The Aspire One Happy is just perfect to colour your world with fun wherever you go.

Aspire One 533

The 10.1" Aspire One 533 helps you to engage in online activities easier and longer with optional 3G and an amazing 10-hour battery life^{1, 2}. What's more, the 1" thin, 1 kg light Aspire One 533 is a pleasure to take on international travels, thanks to the Acer MiniGo adapter, which is extra-small, light, and features interchangeable converters.

Closer ties anywhere

Break the barriers of time and distance! Interact with friends and family across continents anytime you wish thanks to the Aspire One 533's advanced communication technologies. Go Wi-Fi®, hook up via Fast Ethernet, or take it to the next level with optional 3G. Strengthen important ties with face-to-face chats using the integrated Acer Crystal Eye webcam and microphone. And, easily connect to devices for high-speed file transfers and sharing optional via Bluetooth® 3.0+HS.

Optimized mobility

A fast, energy-conscious Intel® Atom™ processor and an LED-backlit display enable the Aspire One 533 to deliver up to 10 hours of superb portable performance on battery power. Charging up on the go is convenient with the slim 2-pin 40W Acer MiniGo AC adapter, which is 34% lighter than typical adapters!

Thin and light heavyweight

Ultra-thin and light at about 1" thin and 1 kg, the Aspire One 533 boasts great portability for users who are frequently on the move. It's easy to bring and store, without compromising regular-size notebook functionality. The 93% standard-size keyboard with bigger keys enables comfortable typing, while a wide multi-gesture touchpad with anti-slip microbead texture provides precise control and mouseless, fingertip convenience.

Sleek charmer on the go

The sparkling glossy cover complemented by a chrome rim and striking logos will dazzle anyone you meet. Inside, the matte finish precludes fingerprints and scratches, while the chrome accent around the touchpad buttons adds class. Pick from these attention-grabbing, glossy colors: black, red or white.

Aspire One 532

Big things do come in small packages! The 10.1" Aspire One 532h features the next-generation processor for netbooks, built-in Wi-Fi®, optional 3G, a high-def display and more -- all packed in a petit form that's less than one-inch thin and weighs about 1 kg. What's more, up to 10 hours of battery life gives you all the power you need to stay connected, so you can get the most out of life while you're on the move.

Larger than life

Email, blog, chat and surf all you want! The new processor for netbooks handles Internet multitasking easily, delivering up to 15% better performance than previous-generation processors while lowering power consumption to extend battery life. You need only a single charge to get up to 10 hours of cable-free power! The 720p HD display presents crisp, clear imagery in true 16:9 scale, perfect for streaming videos and online activities. The large-capacity hard disk drive saves tons of music and videos, while the multi-in-1 card reader enables convenient transfer of photos from a digital camera or other mobile device. To complete your mobile enjoyment, the Aspire One 532h features two built-in stereo speakers to trumpet the hottest hits!

Small world

Go the distance without moving an inch -- engage in face-to face communication anywhere with the Acer Crystal Eye webcam and built-in digital microphone. Keep in touch with family and friends, trek the world, or learn new stuff by connecting to the Internet via Wi-Fi®, Fast Ethernet or the optional 3G.

Fine details -- big deal!

The Aspire One 532 is the size of a small folder, yet the keyboard is 93% standard size with large keys for better typing. The compact design features a battery that fits flush into the chassis, further streamlining the netbook's look. The multi-gesture touchpad gives you total control over your documents and photos with simple two-finger motions, and the anti-slip microbead texture of the touchpad offers more precise control and a nice feel.
